## Meets JWL-T Standard

JWL-T is Japan light alloy Truck & Van standard. It is the safety standard that applies to light alloy wheels for trucks and vans. The tests prescribed by this technical standard area carried out at the responsibility of the manufacturer themselves and wheels that conform to the standard are labeled with JWL-T mark.

CRAG SK5 is conformed to JWL-T weight capacity requirement of 955 kg (2139 lbs) test.
